What is the location?

1100 Apple Avenue, Cumberland, Iowa

We are 4 miles east of Grant, Iowa on a dead-end road. Around the 2nd curve of Apple Avenue, you will see a mailbox for our driveway. Drive up the hill and park in front of the cabin.

What is the general schedule?

Sunday

1:00-2:00pm - Arrive and Settle In and sign any waivers.

2:00 - Shoot your bow to make sure it made the trip and is still in tune.

3:00 - Head to the stand for the first hunt

Monday - Friday

We will determine the night before when the next morning's hunt will start.

Saturday

You may hunt in the morning. Checkout by 12noon.

What about food?

If you had chosen the option for us to provide all the meals, we will have 3 meals available each day. If you do an all-day sit, we will have your lunch packed for you.

If you are providing the food, there are a few restaurants within 30 minutes. Atlantic is the largest town with the most options:

- **Atlantic** (30 mins north)
 - Grocery:
 - Wal-mart
 - HyVee
 - Fairway
 - Restaurants:
 - Azteca - Mexican
 - Rancho Grande - Mexican
 - Pizza Ranch - Pizza and chicken
 - Several other fast food options in town.
- **Griswold** (25 mins north and west)
 - Dusty's Bar and Grill
- **Corning** (25 mins south)
 - Primrose (Steak, burgers & seafood)
- **Anita** (35 mins north and east)
 - Redwoods (Steak, burgers & seafood)
- **Wiota** (25 mins north)
 - Wiota Steakhouse (Steak, burgers & porkchops)

What do you provide for gear?

We provide the following:

- Deer stands (hanging, ladder and blinds)
- All hanging stands have safety line. You must be hooked in at all time.
- We will loan you a sitting pad for the ladder stands
- Note: All of our stands are primarily set up to shoot while sitting.
- All the shooting lanes are trimmed
- We will provide a target for practice

What gear do you **NOT** provide, and should I plan to bring?

- ☐ Safety harness – you must use a quality safety harness
- ☐ Bow hanger – you may bring and use your own that strap onto the tree (no screw-in gear)
- ☐ Bow line for raising and lowering your bow – we recommend having a line that you take with you, or have a sling on your bow.
- ☐ Range finder
- ☐ Any grunt tubes or rattles or other calls.
- ☐ Lures or urine – we don't recommend using them, but we don't prohibit them.
- ☐ Tree saddle for a more mobile experience – If you have a tree saddle, you may use it. We do have nearly 40 stands/blinds already pre-set in key locations.
- ☐ Coolers for bringing your meat home.

- ☐ Of course your own bow setup

Is there any gear that I cannot use?

- Any gear that screws into trees (such as bow hangers). We have some stands in high-value trees like walnut, and we don't want to damage their potential value.
- Anything the state considers illegal

What about bait?

- Iowa is a no-bait state, so it is illegal to set out bait like corn piles to hunt over.

When I shoot a deer, how do you handle recovery?

- As soon as you shoot a deer, call us (Chad - 712-254-3999 or Lee - (712) 249-7855). We will come and help you recover your deer. We recommend waiting at least 30 minutes before starting to follow the blood trail.
- If we cannot recover, Iowa does allow dogs to assist with recovery. I have a couple contacts available. It will be your decision whether we bring in a dog. You will cover the cost for the recovery dog directly.
- Once we recover the deer, we will bring a loader to bring the deer to the field near the cabin where you may can field-dress the deer (we can assist as needed)
- We will then hang the deer in our shop where we will weigh him, and assist you with skinning and butchering.
- We can provide grinding and sealing in vacuum-packed packaging for an additional fee of \$150 per deer.
